

THANK YOU

I want to thank all the volunteers who came forward this week to help get our site ready for an exciting addition to the station site.

We accomplished more than we had expected. Both containers were emptied and both will be moved. We also managed to pack all the outdoor storage into one neat compact area.

Great work in very hot and humid weather by a core team of dedicated volunteers!

We will resume regular volunteer days Mon, Wed and Fri mornings starting August 8th.

Reminders;

- Board meeting open to members Aug 8th, 2018 at 7pm at the station
- Our Fund Raising Campaign is going well but we need still need your help. See our website for donation options. www.freemanstation.ca
